St. Juliana's (Patron Saint of sickness) is a list of the people we are currently praying for because of illness or in the military. To stay current, names on the illness list will remain for four weeks. The military list will remain until we are notified. Please call the office (842-3520) to request continued prayers. To preserve the dignity and privacy of individuals, we ask that only an immediate family member call to request publication of names. We will presume they have permission from the individual to do so. Thank you for your understanding.

### Current Threats to Religious Liberty:

Discrimination against small church congregations: New York City adopted a policy that barred the Bronx Household of Faith and other churches from renting public schools on weekends for worship services, even though non-religious groups could rent the same schools for many other uses.

Discrimination against Catholic humanitarian services: After years of excellent performance by the U.S. Conference of Catholic Bishops' Migration and Refugee Services (MRS) in administering contract services for victims of human trafficking, the federal government changed its contract specifications to require MRS to provide or refer for contraceptive and abortion services in violation of Catholic teaching.

Christian students on campus: In its over-100-year history, the University of California Hastings College of Law has denied student organization status to only one group, the Christian Legal Society, because it required its leaders to be Christian and to abstain from sexual activity outside of marriage.
